Dear Zheng Lingling

I am happy to inform you that on the recommendations of the referees, your paper titled "Innovative Applications of Artificial Intelligence in Exhibition Design" has been accepted for publication in EAI IoECon 2024 - 3rd EAI International Conference on the Internet of Everything.

Paper ID: EAI IoECon 2024

EAI IoECon 2024 - 3rd EAI International Conference on the Internet of Everything provides comprehensive coverage of the latest advances and trends in information technology, science and engineering. It addresses a number of broad themes, including communication networks, business intelligence and knowledge management, web intelligence, and related fields that inspire the development of information technology. The respective contributions cover a wide range of topics: database and data mining, networking and communications, web and internet of things, embedded systems, soft computing, social network analysis, security and privacy, optical communication, and ubiquitous/pervasive computing. Many of the papers outline promising future research directions, and the book will benefit students, researchers and professionals alike. Further, it offers a useful reference guide for newcomers to the field. © EAI IoECon 2024 - 3rd EAI International Conference on the Internet of Everything.
